

Paragonday Privacy Policy

Effective date: July 8, 2026

Paragonday is provided by Teal Process & Company LLC.

Website: paragonday.systems

Contact: partner@paragonday.systems

Draft for review. This plain-English draft is intended as a starting point and should be reviewed by a lawyer before publication.

1. Who we are

Paragonday is provided by Teal Process & Company LLC. This Privacy Policy explains how we handle information for the website, web app, iOS app, widgets, iMessage features, and related services.

2. Minimum age

Paragonday is intended for people who are at least 13 years old. If you are under the age of majority where you live, you should use Paragonday only with permission from a parent or guardian.

3. Information we collect

- Account information, such as name, email address, profile image, authentication tokens, and session data, if you sign in.
- Connected-service information, such as Google OAuth permissions and tokens, if you connect Google Calendar.
- Location data as described below.
- App settings and preferences, such as display choices, saved locations, and similar product settings.
- Gather or sharing details that you choose to create or send through Paragonday surfaces.
- Basic technical information, such as device, browser, pages viewed, logs, and approximate usage data.

4. Location data

Paragonday uses location to calculate sunrise, sunset, and sun-relative time. Depending on the surface, this may include your device's current location, a location you search for, or a location you save. Paragonday uses location only to provide timekeeping and coordination features.

Paragonday does not sell location data or use it for advertising. Paragonday does not use location data to track where you go over time.

Some location calculations may be handled on your device, and some may require sending coordinates or a selected place to Paragonday servers or service providers so the feature can work.

5. Google Calendar

If you connect Google Calendar, Paragonday accesses and temporarily processes calendar event data to show and manage your calendar in the app. This may include event titles, times, descriptions, locations, attendees, and meeting links. Paragonday does not currently store Google Calendar events on its own servers.

6. How we use information

- To provide the product and its timekeeping, calendar, location, and coordination features.
- To authenticate users and keep sessions working.
- To calculate sunrise, sunset, and sun-relative time for selected locations.
- To display, create, update, or delete Google Calendar events when a user requests it.
- To improve, debug, secure, and maintain the service.
- To communicate with users about the product, support, security, or policy updates.

7. Cookies, analytics, and local storage

Paragonday may use cookies, local storage, and similar technologies for sign-in, preferences, saved locations, and session state. The website uses Google Analytics to understand traffic and usage.

8. AI/model providers

Paragonday does not currently use AI or model providers for the product. Paragonday does not permit AI providers to train models on user content.

9. Payments

Paragonday does not currently process payments.

10. How we share information

- With service providers that help run the product, such as hosting, analytics, authentication, and infrastructure providers.
- With Google when you choose to connect or use Google Calendar features.
- With Apple or platform services when you use iOS, widgets, notifications, alarms, or iMessage-related features.
- When required by law, legal process, or to protect rights, safety, and security.
- In connection with a business transaction, such as a merger, financing, acquisition, or sale of assets.

11. Advertising

Paragonday does not sell personal data or share it for targeted advertising.

12. Data retention

We keep information only as long as reasonably needed to provide the service, comply with legal obligations, resolve disputes, and maintain security. Google Calendar events are not currently stored on Paragonday servers.

13. Security

We use reasonable technical and organizational measures to protect information. No online service can guarantee perfect security.

14. Your choices

- You can stop using Paragonday at any time.
- You can disconnect Google Calendar through your Google account permissions or Paragonday settings where available.
- You can clear local browser storage or app settings on your device.
- You can contact partner@paragonday.systems to request access, correction, deletion, or other help with your information.

15. International users

Paragonday is based in the United States. If you use the service from another country, your information may be processed in the United States or other countries where our service providers operate.

16. Children and teens

Paragonday is 13+ friendly, but it is not directed to children under 13. We do not knowingly collect personal information from children under 13. If you believe a child under 13 has provided information, contact us and we will take reasonable steps to delete it.

17. Changes

We may update this Privacy Policy from time to time. If changes are material, we will take reasonable steps to notify users. The updated policy will apply after it is posted or otherwise made available.

18. Contact

Questions about this Privacy Policy can be sent to partner@paragonday.systems.
